New York, Nov. 26 .- The decision of the United States district court at St. Pani against the Standard Off Company of New Jersey, declaring corporation illegal and ordering ture of today's stock market. The news was evidently unexpected and had the effect of torning a very active and strong market into one of experience weakness. The importance of American Sugar pfd. the decision and its far-reaching possibilities were freely acknowledged by officials of the corporation concerned, who historied to add, however, that the court of last resort, in accordince with an agreement entered into Massachusetts Gas

stack of the same group, but Atlantic of speculative issues were inirregularity. With the first the decision there ensued a Centenni selling movement which at Copper Range plered on demoralization. Not all the early gains wiped out Greene Cananea but not losses for the day ranged from to 3 or more points. The bank statement showed some extraordinary afferences in actual and average conitions. In the latter loans decreased of over \$1,600,000. There were increases and decreases correspondingin the reserves, but on the whole the sition for the week may be have strengthened.

Gossip included rumors of serious jection among the leading interests the Rock Island- Frisco systems. but these were emphatically denied in authoritively quarters. Closing stocks: Allis Chaimers imerican Agricultura) merican Beet Sugar American Can pfd
